2×9	2 rows of 9	18	
2×10	2 rows of 10	20	
2×2	2 rows of 2	4	

*See overleaf for how to play!

For Beginners!

Print and cut up the cards.

1) Find the cards that mean the same. Match them up!

Or

2) Play Memory Match- Shuffle all cards and arrange face down. Take turns to reveal two cards at a time. If you find a pair that mean the same, keep that pair AND also have an extra turn! Continue taking turns, until all cards have been matched. Whichever player has made the most pairs, wins!
