

## Grid Method Worksheet 3 digit x 2 digit

\*Remember: Grid method is a way to show the distributive property- that is, 'separating the question into easier parts'.

1)  $242 \times 13 = ?$

x		
Total		

$242 \times 13 = \underline{\hspace{2cm}}$

2)  $824 \times 47 = ?$

x		
Total		

$824 \times 47 = \underline{\hspace{2cm}}$

3)  $218 \times 30 = ?$

x		
Total		

$218 \times 30 = \underline{\hspace{2cm}}$

4)  $400 \times 39 = ?$

x		
Total		

$400 \times 39 = \underline{\hspace{2cm}}$

5)  $555 \times 62 = ?$

x		
Total		

$555 \times 62 = \underline{\hspace{2cm}}$

6)  $940 \times 23 = ?$

x		
Total		

$940 \times 23 = \underline{\hspace{2cm}}$

7)  $383 \times 59 = ?$

x		
Total		

$383 \times 59 = \underline{\hspace{2cm}}$

8)  $609 \times 84 = ?$

x		
Total		

$609 \times 84 = \underline{\hspace{2cm}}$
