

Grid Method Worksheet 3 digit x 2 digit

*Remember: Grid method is a way to show the distributive property- that is, 'separating the question into easier parts'.

1) $640 \times 13 = ?$

x		
Total		

$640 \times 13 = \underline{\hspace{2cm}}$

2) $844 \times 87 = ?$

x		
Total		

$844 \times 87 = \underline{\hspace{2cm}}$

3) $328 \times 70 = ?$

x		
Total		

$328 \times 70 = \underline{\hspace{2cm}}$

4) $900 \times 39 = ?$

x		
Total		

$900 \times 39 = \underline{\hspace{2cm}}$

5) $857 \times 67 = ?$

x		
Total		

$857 \times 67 = \underline{\hspace{2cm}}$

6) $940 \times 23 = ?$

x		
Total		

$940 \times 23 = \underline{\hspace{2cm}}$

7) $597 \times 46 = ?$

x		
Total		

$597 \times 46 = \underline{\hspace{2cm}}$

8) $783 \times 46 = ?$

x		
Total		

$783 \times 46 = \underline{\hspace{2cm}}$
